

Curriculum

DPSSS.BAM offers CBSE stream, under the guidance of renowned teachers. The school goes beyond to make one a simple literate. The school provides the necessary physical, emotional and aesthetic environment to help students to maintain balance and equilibrium in life both in relation to self and to the rest of the world, both Personal Success and with the wider Society. They will learn to be skeptical yet optimistic, doubting yet positive, intellectually uncomfortable yet constructive, competitive yet not destructive. Education is experiential, joyful and focused on education for better understanding. We firmly believe that for effective learning, children must explore ideas rather than merely receiving knowledge. In all our teaching learning process, both practical experience and direct participation of the student are emphasized. Critical thinking is encouraged. Students carry on their own research instead of depending only upon teachers and text books.

Activities

Events and Activities including special day celebrations are conducted here to extend honour to the Great People and our Rich Culture as well as provides all types of exposure by conducting myriad activities.

and many more....

Scholarships

Dr J.S.R Scholarship Programme

In honour of our late founding father Dr. J. Surya Rao and his vision of disseminating educational opportunities to all, the institution offers a scholarship beginning from the session 2022-23 in his name. The scholarship will be awarded to a willing and meritorious student who belongs from socially and financially deprived section of the society of the immediate locality. All expenses incurred in his/her education will be borne by the school except the services outsourced by the school viz. Textbooks and notebooks, Uniforms, Other peripheral costs.

Through this noble initiative we strive to do our little part in helping a kid dare to dream or to quote our former beloved President Kalam to add wings to the divine fire within the child.

DELHI PUBLIC SENIOR SECONDARY SCHOOL

LANJIPALLI, BERHAMPUR

Director's Desk

**A small step, to a stride,
to the walk of whole life**

I take immense pride that Delhi Public Senior Secondary School has established itself as a premier hub of education in the vicinity of Berhampur in such a short span of time. It is not often that while most institutions in their nascent stages struggle to create their own identity, we have not only been setting new benchmarks in education but also have constantly evolved past ourselves. Achieving affiliations for secondary and senior secondary levels within such a short period is a testimony of the institution's precociousness. Adopting a holistic approach of education to meet the needs of the dynamic young students and conflating it with scientific state of the art methodologies thereby lies our credo. Our newest venture of Higher Secondary Education aims to carry forward these and set higher benchmarks for all to see. In the pipeline, we have tieups with Edutech giants to impart the de rigueur in quality competitive education to our future young leaders.

This document aims to provide a glimpse of our visions and aspirations. I am confident that it will help young learners and parents alike in getting a comprehensive peek into our ethos and help them in choosing this institution as a scaffolding to achieve their goals.

Smt. J. Jayalakshmi

The Guiding Light

Educated intellectuals form the underpinning of any civilised society. Education itself can be termed as the most powerful instrument one can use to shape the world. Therefore a school can be rightly called the cradle to furnish young students with virtues to live life right and a forge to equip them with an array of skills replete to build them as citizens of tomorrow.

As a twig is bent, the tree is inclined. Incorporating right knowledge, imparting quality education and skills in students from the very outset and kindling the fire of curiosity within

them so that they continue their growth their whole lives, these are what our institution strives for.

A robust team of highly trained teachers who live by the maxim of 'Train as much as you teach', excellent infrastructure to supplement in bringing the vision to fruition. Fuelled by the same spirit of disseminating education, we embark upon a new journey of providing higher secondary education. We strive to create an ecosystem where we equip our students with holistic learning. I certainly hope this testimonial provides you with broader insights into our visions and ambitions and assists in choosing the path you wish to tread on

Sri Baikuntha Nath Pattnayak

J.S.R Library

Our founding father Late Dr. J.Surya Rao was a vociferous proponent and lifelong learner, a great visionary, an epitome of simplicity and a multifaceted personality was an avid lover of books and learning himself.

In memoriam of his vision we have established a library and christened it as "LIBRARY"

We have amassed a motley of books acquired and carefully curat from all walks of life. A bespoke collection of textbooks contributed by teacher academicians and purchased to cater to the myriad tastes of learners alike. Envisaging the need for dynamism by Dr Rao, every month new textbooks a added to the collection. Through this initiative we aspire and strive that everyone makes reading a habit and hope that puts the brightest smile on the brightest star in the sky.
